SYNODICAL SOCIETY CHOOSES OFFICIALS WITH COMMITTEES FOR ENSUING TERM

Leaders Of The Organization
For The New Year Are
Named
ANNUAL CONVENTION
IS BROUGHT TO CLOSE
Place Of Next Meeting Will Be
Decided By Executive
Committee

The annual convention of the Woman's Synodical Society of the Presbyterian church U. S. A. closed a two day's session at the Westminster Presbyterian church late yesterday, leaving the selection of the next place of meeting with the executive committee.

Near the close of the afternoon session the annual election of officers was held, and those elected were installed, the exercises being led by Dr. L. F. Goodwin. The following are the officers for the ensuing year: President, Mrs. L. F. Bruebaker, of Ensley; First Vice President, Mrs. E. C. Payne, of Albany; Second Vice President, Mrs. Kirby Cartwright, of Huntsville; Secretary-Treasurer, Mrs. W. D. Moody, of Birmingham; Membership Secretary, Mrs. Fannie H. Jones, of New Market; Literature and Education Secretary, Mrs. Chalmers Moore, of Birmingham; Young People's Secretary, Mrs. E. C. Payne, of Albany; Freedman's Secretary, Mrs. L. F. Goodwin, of Albany; Overseas Secretary, Mrs. Hal Mullin, of Albany. It was agreed unanimously that Mrs. Mullin's committee have added to its work, the Home Mission hospitals of the church in this state.

Mrs. Goodwin Raises Neat Sum
During the noon luncheon yesterday following an address by Rev. J. P. Cotton, Sunday School Evangelist, Mrs. L. F. Goodwin reminded the company of the action of the Society at the Wednesday morning's session, in regard to the Freedman's School at Anniston known as the Barker Memorial school, and suggested that as the school was in need of more rooms, that a collection be taken throughout the society, for that purpose. Eighty dollars in pledges were secured by Mrs. Goodwin during the luncheon.

Preceding the reading and adoption of a set of resolutions expressing the appreciation of the gathering for the hospitable reception given by citizens of Albany, a rising vote of thanks was given Mrs. Walter M. Crawford, the retiring president, for her faithful services during the past three years.

STATE'S CASE LAID BEFORE JUSTICE

(Associated Press.)
NEW BRUNSWICK, N. J., Nov. 9. The information on which the state of New Jersey expects to obtain indictments of three persons for the murder of Rev. Edward Wheeler Hall and his choir leader, Mrs. Eleanor R. Mills, was to be laid before Supreme Court Justice Parker and Grand Jury Foreman Gibbs by Deputy Attorney General Mott today at Somerville.

FINAL PLANS MADE
SOMERVILLE, N. J., Nov. 9.—Final plans for presenting to the Somerset county grand jury evidence in the Hall-Mills murder case, were worked out here today. Mr. Mott intimated that he would start laying evidence against "the woman in grey" and two men before the jury Monday.

SITUATION REMAINS G. O. P. 'GRATIFIED' SERIOUS IN TURKEY WITH VOTE RESULT

(Associated Press.)
PARIS, Nov. 9.—The situation between the Kemalists and the allies at Constantinople remains serious, but without developments, according to messages received today by the French foreign office.

The attitude of the Angora government, which has been growing progressively stiffer of late, is said here to depend largely on whether the Lauzanne peace conference is to be held or postponed and the French observers fear hostile moves by the Turks if a delay is determined upon. Ismet Pasha, the Turkish nationalist foreign minister, is in Constantinople, waiting word regarding the holding of the conference before proceeding to Lauzanne. He is to be the principal nationalist delegate and a delay in the conference would result in his return to Angora.

This, it is the opinion of French officials, will be almost certain to cause trouble.

SITUATION EASIER
(Associated Press.)
LONDON, Nov. 9.—The situation in Constantinople was described as "somewhat easier" in a message received today by the war office.

WASHINGTON, Nov. 9.—Retention of Republican majorities in both senate and house, was declared to be "very gratifying" to Republican leaders in a statement issued today by John T. Adams, chairman of the Republican national committee, reciting some of the causes which he considered responsible for the outcome of Tuesday's election.

The spirit of unrest following after the World war, and unusual prominence of local issues over national issues in many states, the use of state issues to befog the general situation, and the natural tendency of a large class of people to vote for a change in off years, were credited by the party chairman with responsibility for the paring down of the Republican majorities of two years ago.

HUBBY GONE AFTER WEEK'S HONEYMOON

(Associated Press.)
CHICAGO, Nov. 9.—After a week's honeymoon, Mrs. Joan Morris Lightman DeEcke, of Nashville, Tenn., said to be wealthy, today is searching for her husband, Allan DeEcke, who yesterday disappeared from their bridal suite in a local hotel, leaving a note saying he had been called out of town on business.

According to police, who questioned Mrs. DeEcke, she told him she married DeEcke after a week's courtship. She was a clerk in a Nashville book store. Her husband told her, she said, that he is an official of the Durant Motor company, an investment broker in San Francisco, owner of 12,000 acres of California mineral property and had an expensive motor car waiting for her at his home.

Late last night Mrs. DeEcke said she received a telegram from her husband dated from Elkhart, Ind., in which he stated he would arrive here early this morning, but the train arrived without DeEcke.

SOLDIER BONUS BILL PAID WITH REVENUE FROM TAX ON WINES AND BEER PROPOSED

Congressman Fred A. Britten
Says He Will Introduce
The Measure

TREASURY CONTINUES ENFORCEMENT PLANS

Mellon Will Pay No Attention
Officially To Tuesday's
Election

(Associated Press.)
CHICAGO, Nov. 9.—The soldier bill, with an additional provision to pay the bonus by a tax on light wine and beer will be re-introduced in congress by Congressman Fred A. Britten, of Illinois, he announced here today.

The congressman declared that the addition for a beer and wine tax would be drafted so as to supercede the Bolstead enforcement act definition of intoxicating liquor.

"My addition to the bonus bill will provide a tax of \$10 a barrel on beer, \$2.00 a gallon on domestic wine, \$4.00 a gallon on imported still wines and \$8.00 a gallon on imported champagne.

"The beer so provided will be limited to an alcoholic content of 4 per cent and the wine to 14 per cent, both by volume.

"This tax, I am certain, will pay the bonus and all expenses incident to its payment and in the course of a few years the tax can be lowered as the bonus liability is reduced."

Representative Britten said his bill would be introduced at the special session of congress if President Harding issues a call for one.

MOVE EXPECTED

(Associated Press.)
WASHINGTON, Nov. 9.—Proposals for legislation modifying the Volstead act with respect to the sale of beer and light wines were regarded today at the treasury as extremely likely, as a result of the outcome of Tuesday's election.

In the meanwhile, however, Secretary Mellon reported as holding that the treasury's policy of a strict enforcement of the prohibition laws would continue unchanged, despite the expression of public opinion in different states, until congress acts.

Unless the question actually comes up in congress, high treasury officials indicated little consideration will be given to the possible source of revenue which might be developed from taxes on beer and wine.

Dream of Woman Saves Tenement Dwellers In Fire

(By Associated Press.)
NEW YORK, Nov. 9.—A woman's dream is credited with saving the lives of 60 dwellers in a Bronx tenement early today.

Mrs. Jesse Barotti dreamed of flames leaping through the house and of muffled footsteps creaking down the hallways. She awoke screaming "the house is afire".

Under protest her husband got up, went down the hall and found a fire blazing near the door of the apartment where slept the wife and six children of a policeman. The alarm was spread and the 60 tenants escaped without injury before the firemen arrived.

Albany Lose To Hartselle 33-7 In Unusually Hard Fought Contest

When two teams, both of which are playing better offensive than defensive ball, meet the one which can either make the breaks or luck through on the breaks of the game wins. That old truism of sport was borne out here again yesterday when Morgan County high from Hartselle defeated Albany 33 to 7.

Hartselle outcharged Albany throughout the first half, but during the second 50-50 period, the Golden machine fathomed the Hartselle shift and the Morgan County warriors immediately shifted to the aerial attack which netted them two touchdowns.

Hartselle outplayed Albany and deserved to win, but had Lady Luck who can tell what a difference it might have made?

The first big break of the game came just after the initial kickoff. Hartselle plunged through to Albany's three yard line where the Golden defense stiffened and Morgan failed to put it over. Standing behind his own goal, Holt punted, but the kick went 30 yards in the air and landed only 15 yards away in the waiting arms of Ellison. It put Albany on the defensive again and Hartselle put over the touchdown.

Again in the second half Albany, by a steady march down the field, took the ball to Hartselle's 15 yard line and a touchdown seemed sure, but a forward pass was thrown behind the goal, Hartselle given a touchback and the ball on her own 20 yard line.

According to some counts, Hartselle was inadvertently given a fifth down, which netted them a first down and later a touchdown in the final quarter.

Albany stars are particularly hard to name. Each wearer of the Golden jersey took advantage of his "big moment" to play flashy football. The six hundred or more so fans who witnessed the game, one of the biggest crowds on record here, saw a battle worth witnessing. Fourth courageously and aggressively, it was remarkably free from lack of sportsmanship. Hartselle, in the final quarter, generously waved the bar which would have kept Holt from returning to the game after he had been knocked out.

The school spirit shown by the high school students, who staged a parade before the game and who never stopped leading their team the inspiration of their cheers.

REPUBLICAN MARGIN OF SCANT HANDFUL MAY BE CUT AGAIN BY LATER RETURNS

House Majority Of 160 Seems
Certain Not To Exceed
Fifteen

LEAD OF ELEVEN IS G. O. P. SENATE RECORD

Several Congressional Races
Still Have Not Been Definitely
Decided

(By Associated Press.)
NEW YORK, Nov. 9.—Continued Republican control of congress, but with a senate majority cut in two and a house majority of 160 slashed to a scant handful appeared today as the net result of last Tuesday's congressional elections with returns almost complete.

With seven congressional districts in four states, Kansas, North Dakota, Washington and West Virginia, still unreported, the roll in the next house stood: Republicans 220, Democrats 205, Socialist 1; Farmer-Labor 1 and Independent 1. The Republican margin promised to be increased slightly in the remaining contests.

In the returns to date 76 places, now held by Republicans, had been lost without a single counterbalancing Democratic gains.

Latest figures today showed the next senate will have 52 Republicans, 41 Democrats and one Farmer-Labor representative, with results of two senatorial contests, one in Washington and the other in North Dakota still undecided.

EXACT RESULTS INDEFINITE

(Associated Press.)
NEW YORK, Nov. 9.—Whether the Republicans will have six or seven votes over the necessary majority of 218 for control of the house of representatives probably will not be known until tomorrow, one district, the third Kansas, being delayed. With this district missing the Republican strength is 224, Democratic 207, Socialist 1, Farmer-Labor 1, and Independent 1.

VOTERS APPROVE HERRIN OFFICIAL

(Associated Press.)
MARION, Ill., Nov. 9.—By electing Sheriff Melvin Thaxton as county treasurer and the entire Republican ticket which was supported by the Mine Workers Union, the people of Williamson County, "have rendered a verdict in favor of a fair trial for every miner indicted in connection with the Herrin mine killings," declared Frank Farrington, president of the Illinois Miners Union, in a statement here today.

WE FAVOR ACCEPTANCE OF HENRY FORD'S BID FOR MUSCLE SHOALS

DEMOCRATIC SUCCESSES.

The results of the election held in many states of the Union Tuesday, point to one thing very conclusively, and that is: that the people are tired of Republican rule, and are determined to correct it at the very first opportunity. The attitude of the party in power on the great question of the Muscle Shoals proposition, has no doubt had much to do with the slide to the democratic party in the selection of a great many of the law makers. There can be no doubt that with a democratic congress and senate the issue would have much better than the history of the past year accorded it.

At least ninety per cent of all the people in the Union wanted the plant developed. They believed that no matter where it was located, it was of sufficient importance to warrant a better method being taken in its disposition than merely side-stepping the issue, and putting it up to other national bodies for solution. The people have not forgotten; they remember yet afresh how earnestly and consistently the demand was made to the national congress to take some definite action, such action to be taken in time to be of some real benefit to the people where the project was located.

Another important thing connected with the recent landslide to the democratic column is the fact that, the tariff, pronounced by many republican to be indefensible, even from a republican standpoint, has so disappointed the people at large that they seek some relief, through the election of others with a different viewpoint.

At any rate there is joy in the democratic camp the nation over, and these preliminary straws show which way the wind is to blow when the next national election rolls round.

WHAT WOULD GENERAL WOOD SAY ABOUT GOVERNMENT OPERATION OF MUSCLE SHOALS?

Opponents of Henry Ford as the lessee of Muscle Shoals, who are advocating government operation of that great property, must know that the party now in power in the executive branch of the government is definitely committed against any such a plan, in the matter of principle at least. Always the Republicans have bitterly opposed the government going into business. Just lately a new and powerful voice in their party—that of General Wood, Governor General of the Philippines, has been raised against business being carried on by governments. General Wood made the declaration in question in an official statement to the Philippine Legislature and he is reported to have said:

If experience in the World war demonstrated any one thing more clearly than another it was that a government cannot successfully conduct business. The experience of the insular government confirmed this. Its efforts to engage in business, although entered into with a view of benefiting the people and aiding development, resulted in the loss of many millions of pesos.

Government cannot successfully conduct business, says a late candidate for President in the Republican party, and one of that party's most trusted leaders. How will such a sweeping declaration from such a source 'listen' to those who in order to side track and defeat the Ford bid, are saying that the government should operate the great Shoals plants? General Wood made other interesting recommendations to the Philippine Legislature. He said that women should be allowed the ballot, and that the ancient laws of Island possession in the Pacific, allowing imprisonment for debts should be repealed.

There is every reason to believe that the country as a whole is entering upon an era of growth and development, which is being felt in every line of business. Land values are looking up after a period of inactivity for the past two years. More good barns are being built than for a similar period, and dwellings are springing up in every section, many nice ones being in process of erection in the rural districts.

There is some demand for horse stock, a thing which has dropped out of sight in the county for some time, where annually several cars were handled regularly every season. With plenty of corn, potatoes, syrup, hay, and money in every pocket from the sale of cotton which has touched a higher point than for two years past, a spirit of hope and optimism is extant, which can have but the best of meaning.

They ran a man named Smith for Governor of New York. The reason is not far to seek. His party knew the Smith family would vote as a unit for him.

HE OUGHT TO KNOW BETTER

There is no use trying to joke with a woman. The other day Jones heard a pretty good conundrum and decided to try it on his wife.

"Do you know why I am like a mule?" he asked her when he went home.
"No," she replied promptly. "I know you are, but I don't know why you are."

The capital you must depend upon is the capital: "I."

Half heartedness leads to complete failure.

Of course the pen is mightier than the word, but so is the automobile when it comes to manslaughter.

A machine has been invented whereby auto batteries can be charged almost instantly. Now if someone will kindly invent or patent a way of getting gas charged, autoing would be more of a pleasure.

CONSISTENCY

Why not her hair?

NO MORE EXTRAVAGANCE

"I'll be a sister to you," said the summer girl.
"Well, sister I'll just cancel that big dinner order. We'll have a glass of soda pop instead."

About the next great excitement in these parts will be getting the coal in for winter.

James returned home from school with strong evidences of a serious disagreement with some of his associates. As he entered the room his mother looked up in surprise inquired:

"Why James, how did you get your clothes so badly torn?"

"Trying to keep a good little boy from bein' licked."

"That is just like my brave little son," said the mother fondly.

"Who was the good little boy?"

"Me."

"Who remembers when a mother's biggest fight was to keep her boys from wearing overalls to school?"

THE SILLY AGE

Husband—You promised to love, honor and obey me.

Wife—Yes, but I was at that silly age when a girl will promise anything to get a husband.

Albany Loses To Hartselle 33—7

(Continued from Page One)

bany's 15 yard line. Tomlison took the ball to Albany's 5 yard line and then it required three bucks to put it over, Burleson making the touch-down. Burleson dropped the pass for the extra point, Hartselle 20, Albany 7.

Hartselle kicked to Bowen. Albany gained 25 on a pass to Holt, but a moment later was penalized ten for holding. Another to Holt got 8, but the ball went over when a pass to Handy failed. After Holt made three consecutive tackles, Hartselle punted 25 yards to Pepper. The half ended with the ball near the middle of the field.

Third Quarter

Albany kicked. L. Hartselle kicked on the fourth down after three thrusts had failed to gain. A pass to McAbee gained 8 yards and McAbee hit the line for first down. A pass was blocked but Hartselle suffered a ten yard penalty for blocking the receiver of pass. Two of four attempts in the air gave Albany 18 yards. McAbee hit the line for first down.

Another pass to Holt put the ball on Hartselle's 15 yard line. A temporary lapse of judgment put the ball in Hartselle's possession on her own 20 yard line when a pass went over the goal. A pass to Tomlison netted Hartselle 20 yards. A pass for 8 and two bucks gave Hartselle first down. Ellison and Tomlison bucked another first down. Bowen stopped two plays in succession, but a pass to Ellison put the ball on Albany's 5 yard line.

Fourth Quarter

Hartselle carried it over in two tries. A pass to Garrison failed Hartselle 26, Albany 7.

Hartselle kicked and recovered when the ball struck Batten. A pass to Johnson netted 15. A triple pass behind the line to Tomlison made inconsequential gain and time was place in the car and let him go. After due time removed the wreckage, place in black satin-lined box and garnish with flowers.

The saying that two can live as cheaply as one originated before the introduction of the adding machine.

taken for Tomlison, when McAbee tackled. Nelson went in for Tomlison. Mixing passes with off tackle smashes, Hartselle took the ball back into Albany's territory. Time out for Holt. Dodd went in for Holt. It was here that the count of down was questioned, it being stated by some that in the confusion Hartselle had 5 downs. The ball was on Albany's 6 yard line. Ellison plunged over. Hartselle drop kicked the goal—Albany 7, Hartselle 33.

Holt went back in for Dodd. Hartselle kicked to Holt. Burleson intercepted a pass. Ellison failed to give on a fake buck. Pepper intercepted a pass. Nelson intercepted a pass. Albany was penalized ten yards for blocking a receiver. A moment later a pass to Johnson made another first down. Hartselle continued her steady march and the ball was in the shadow of Albany's goal as the whistle blew.

COURT KEPT BUSY

Similar cases were taken up at the opening of the court today.

Miss Johnny Cunningham of Marion, Ala., has returned home after a three weeks visit to Mrs. Walter Ezell.

The Candle Light exercise on Tuesday evening at the Westminster Presbyterian church under the supervision of Mesdames L. F. Goodwin and Hal Mullen, was very much enjoyed by those witnessing it. Twenty-five members of the Primary Department of the Sunday school joined in the march holding Bibles on which was a lighted candle, made more effective with the church lights turned out. A delightful musical program was then rendered.

Radio Tells Tourist Of Relative's Death

The wonderful possibilities of the radio as a means of communication between widely separated points, was forcibly demonstrated near here a short time ago. A party of tourists from the state of Michigan were enroute to Florida points. Since leaving their home in Michigan a relative had sickened and died back home. Not knowing exactly where to locate the party, a radio message was sent broadcast over the country conveying the information, and giving a description of the party, the kind of car they were traveling in, and other information which would cause others to identify them. The message was picked up at Bangor, a close watch kept, resulting in the apprehension and communication to them of the information from their home. They boarded the train at Bangor, and through the means of the radio, it was made possible to reach and locate them with the least possible delay.

SUCCEEDS WHERE DOCTORS FAIL

Lydia E. Pinkham's Vegetable Compound Often Does That.—Read Mrs. Miner's Testimony

Churubusco, N. Y.—"I was under the doctor's care for over five years for backache and had no relief from his medicine. One day a neighbor told me about your Vegetable Compound and I took it. It helped me so much that I wish to advise all women to try Lydia E. Pinkham's Vegetable Compound for female troubles and backache. It is a great help in carrying a child, as I have noticed a difference when I didn't take it. I thank you for this medicine and if I ever come to this point again I do not want to be without the Vegetable Compound. I give you permission to publish this letter so that all women can take my advice."—Mrs. FRED MINER, Box 102, Churubusco, N. Y.

It's the same story over again. Women suffer from ailments for years. They try doctors and different medicines, but feel no better. Finally they take Lydia E. Pinkham's Vegetable Compound and you can see its value in the case of Mrs. Miner.

That's the truth of the matter. If you are suffering from any of the troubles women have, you ought to try this medicine. It can be taken in safety by young or old, as it contains no harmful drugs.

HOME DESTROYED

Advices from near Ryan's Cross roads are to the effect that the home of William St. John, chairman of the Morgan County jury commission, was destroyed by fire recently.

Mr. St. John's home was on the Florette-Ryan Cross roads highway, and was in good repair and a fine piece of property.

Mother-To-Be, Read This—

Here is a wonderful message to all expectant mothers. When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

Note: Write for valuable, free illustrated book, "Motherhood and the Baby," containing important authoritative information—also a complete mother's manual—have, and all about "Mother's Friend" to Beal's Regulator Company, B.A. 23, Atlanta, Ga. "Mother's Friend" is sold by druggists everywhere.

POLLY AND HER PALS

By Cliff Sterrett

John W. Orr Has Improved His Home

An evidence of what can be accomplished in the way of improving unsightly places, and in its stead a home of inviting appearance, with well proportioned front lawn and shade trees, has just been completed on the Bee Line highway by John W. Orr. The spot was very unattractive before the plans of beautifying it was completed. Now there stands a handsome bungalow, a graded roadway leading out to the highway, and a walkway is now being laid with stone, leading from the highway to the front porch. This is but one instance of what will be accomplished in a few years, and it not perhaps overdrawn the picture to say, that in the future many of such character and proportions will appear at different places along this much traveled thoroughfare.

Lasses White's All Star Minstrels

Open's The Theatrical Season at Princess Dec. 2nd. Under the successful management of Spaeth & Company, "Lasses White's All-Star Minstrels" now in its third year will be the attraction at the Princess Theater on Dec. 2nd. The entertainment given by "Lasses" and his company is new in its entirety this year. The opening shows a background of immense white pillars with a great arch in the center in front of which is an island on which are seen the players and orchestra. This is truly one of the most artistic sets ever painted for a minstrel first part and it has won commendation wherever seen. Music both vocal and instrumental, figure importantly in the first part and the comedy will be well cared for by such famous end men as "Lasses" the imitable "Slim" Vermont, "Zip" Lee and Bobby Guyot. The singing will enlist the efforts of eight soloists and the orchestra, always a feature with this organization.

Part Of Cotton Held By Bureau Is Sold

It is stated by a farm bureau member, that some of the cotton now being stored in the Cotton Compress at this place is finding its way to the market, and the disposition is to sell a reasonable quantity from time to time as the market advances, just enough to feed the market and maintain the good price to which the staple has advanced during the past two weeks. Middling cotton is bringing 25c today on the local market without any effort on the part of the seller. The plan at present being used to feed the market as it can be digested without impairing the price, is the plan which will be adhered to throughout the remainder of the season, said one well known member of the farm bureau this morning.

From Wellesley to "Hoosegow"

The escapades of Gene Roth, properly Mildred Roth, of Stamford, Conn., and Billie Burke, otherwise Edna, of Barre, Vt., which filled the papers when they "resigned" from Wellesley because they were caught smoking, ended in their arrest on the charge of larceny from a dry goods store. Then it was discovered the girls were waitresses in the college dormitory, working their way through.

NEGRO JAILED ON BURGLARY CHARGE

James Brown, negro, giving his home as Birmingham, was arrested in the Louisville and Nashville yards at an early hour this morning by chief watchman H. J. Jones. The negro had ridden in on a passing train, and carried two suit cases. This attracted the attention of the watchman, who promptly arrested him on suspicion, and instituted an examination of the suit cases. It revealed that he carried in the cases quantities of wearing apparel, consisting of shoes, hats, sweaters, caps and other apparel. It later developed that the Garnett store in Decatur had been burglarized during Wednesday night. The negro and goods were taken to the Garnett store where identification was easily made. The negro admitted the burglary, stating that he entered the front door by pushing it open. Mr. Garnett is of the opinion that he was locked in the store after the work of the day was over, being secreted at some convenient place in the building. He was placed in the county jail, warrant being sworn out charging burglary.

SLOAN RESIGNS

D. F. Sloan, who has been connected with the county road building work for some months in the capacity of inspector, has resigned his position. Mr. Sloan stated that he had accepted an offer to superintend a farm in Pickens county. The former inspector had been looking after the road east from Hartselle, known as the Hartselle-Johnson project. Mr. Sloan was referred to by Engineer Bingham as efficient and one of the best men in the service.

KIWANIS TO MEET

The regular meeting of the Kiwanis club will be held tonight in the club rooms on Bank street. Rev. G. M. Davenport, member of the club, will be hidden farewell tonight. He was transferred to a Huntsville church by the recent Methodist conference.

BANK CLOSED

(Associated Press.) FORT WORTH, Texas, Nov. 9.—The Security State bank was closed by the state here this morning. Bank officials said they would be ready to reopen in a day or two. Lack of cash was responsible for the closing, it was said.

ASPHALT GIVEN

The McKindree Chapel-Basham's Gap, highway, that leads west from McKindree Chapel to the Lawrence county line, is receiving asphalt beginning today, according to County Engineer M. S. Bingham.

Mr. Bingham stated that the road was six miles in length, and that a bed of stone had been laid along it for a distance of about three miles. The stone were taken from the Harvey Quarry, near the road and crushed near the quarry.

DO YOU FEEL TIRED

AFTER EATING
A tired, nervous feeling may be sign of poisons in your system which prevent proper digestion. Food turns into more poison and gas, making you nervous and weak. Simple buckthorn bark, glycerine, etc., as mixed in Adlerika, expels poisons and gas from BOTH upper and lower bowel. It moves old matter you never thought was in your system which poisons stomach and made you tired and nervous. Adlerika is EXCELLENT guard against appendicitis. Bull hay Bros.—advts.
